

Michelin North America iSupplier Portal

Dear Supplier,

As part of the maintenance release for July 21st to July 25th 2017, Michelin has implented an additional step of verification when utilizing the iSupplier Portal. This is a temporary step as we further refine our strengthend security.

During this time period, when navigating from the Michelin Collaboration Network page to the ERP iSupplier Portal you will be redirected to a **Michelin Application Access** log in page. You will need to use your normal username and password on this page. You will then be redirected to the normal ERP iSupplier Portal log in page where you will need to log in one more time.

We appreciate your patience and understanding.

For questions, please contact Michelin iSupplier Portal Support:
