BFGoodrich® HIGHWAY CONTROL® S

GO THE DISTANCE
BFGoodrich® tires are built to go the distance. Each tire is constructed with a premium casing and tread designed to enhance even wear.

LONG TREAD LIFE
Expect long tread life and exceptional even wear performance
- Improved shoulder rib with added micro sipes improves resistance to irregular wear.
- New tread design with optimized micro siping technology fights the onset of irregular wear across the tread.

MULTIPLE RETREAD LIVES
Legendary BFGoodrich® casing
- Excellent retreadability
- Variable groove wall helps reduce stone retention and extend casing life.

GUARANTEED. OVER THE LONG HAUL.
If you are not completely satisfied with the BFGoodrich® Highway Control® S tire mileage performance in the first year or before 50% of its usable tread life – whichever comes first – we will reimburse 50% of your acquisition price per tire. (2)

ALL WEATHER CONFIDENCE
Serpentine flow-thru groove design for outstanding water evacuation

FUEL SAVINGS
New sidewall compounds designed for fuel efficiency without sacrificing wear. (3)

Note: Wheel listed first is the measuring wheel.
(1) 5 Year / 2-Retread Limited Casing Guarantee when retreaded by an authorized Michelin Retread Technologies (MRT) Dealer or an Oliver Retread dealer.
(2) Please see BFGoodrichTruckTires.com > Reference Manuals > Warranties/Guarantees for details.
(3) Based on internal rolling resistance tests using ISO 28580 test method comparing the BFGoodrich® ST244 vs. BFGoodrich® Highway Control® S tires in the 275/80R22.5 LRG size.
(4) Exceeding the lawful speed limit is neither recommended nor endorsed.
(5) Tire section widths and overall widths will change 0.1 inch (2.5 mm) for each 1/4 inch change in wheel width. Minimum dual spacing should be adjusted accordingly.
BFGoodrich® tires are subject to a continuous development program. BFGoodrich® Commercial Truck Tires reserves the right to change product specifications at any time without notice or obligation.
MNA, Inc. continually updates its product information to reflect any changes in Industry Standards. Printed material may not reflect the current Load and Inflation information. Please visit www.bfgoodrichtrucktires.com for the latest product information. The actual load and inflation pressure used must not exceed the wheel manufacturer’s maximum conditions. Never exceed a wheel manufacturer’s limits without permission from the component manufacturer.
