YOU TAKE CARE OF YOUR BUSINESS.
WE’LL TAKE CARE OF YOUR TIRES.
A FLEET TIRE MAINTENANCE PROGRAM THAT HELPS YOU MAXIMIZE UPTIME AND GET THE MOST OUT OF YOUR TIRES.

Uptime is everything. With MICHELIN® TIRE CARE™, you can get the most out of your assets and keep your fleet up and running with confidence. Here’s how: Our fleet maintenance program offers comprehensive tire evaluation, analysis and network service you can trust for accurate, actionable fleet guidance and smart, effective decision-making.

MICHELIN® TIRE CARE™ CAN HELP YOU:

- Increase customer satisfaction
- Meet delivery times
- Reduce road service calls
- Improve CSA compliance
- Increase driver satisfaction
- Improve fleet safety
- Maximize fuel economy
- Maximize tire mileage
- Improve tire selection and inventory control
- Benchmark Terminals

THE HIGH COST OF DOWNTIME

A recent survey shows that trucking fleets average 1.5 downtime events per vehicle per year. Every mile lost, every minute wasted, is costing you money.

- Service technician fees
- Material costs
- Lost casing
- Driver salary
- Replacement dispatch
- Lost business
- Reduced vehicle utilization
MICHELIN® TIRE CARE™ helps keep your fleet up and running with four essential steps. The first step, Fleet Evaluation, leverages our nationwide MICHELIN® Commercial Service Network™ to provide comprehensive, expert tire evaluation and electronic data capture. That means your fleet is integrated into our proprietary system which can be accessed anytime nationwide. So wherever your fleet goes, MICHELIN® TIRE CARE™ goes with it, helping you maximize your uptime.

**MICHELIN® TIRE CARE™ GIVES YOU OPTIONS TO CHOOSE FROM:**

<table>

</thead>
<tbody>
<tr>
<td>Inspections and reporting analytics provided by the Tire Care offer through the use of the fleet’s personnel</td>
<td>The ability to reach a vehicle on the road and get a tire health report that is collected within the reporting analytics</td>
</tr>
</tbody>
</table>

**GET YOUR FLEET READY TO HIT THE ROAD**

**STEP 1: FLEET EVALUATION**

MICHELIN® TIRE CARE™ helps keep your fleet up and running with four essential steps. The first step, Fleet Evaluation, leverages our nationwide MICHELIN® Commercial Service Network™ to provide comprehensive, expert tire evaluation and electronic data capture. That means your fleet is integrated into our proprietary system which can be accessed anytime nationwide. So wherever your fleet goes, MICHELIN® TIRE CARE™ goes with it, helping you maximize your uptime.

- Trained MICHELIN Commercial Service Network technicians
- State-of-the-art system for digital data capture
- Nationwide coverage through the MICHELIN Commercial Service Network
- Audited for quality
STEP 2: IDENTIFY DOWNTIME & COST THREATS

MICHELIN® TIRE CARE™ can help you fight downtime before it happens. Our experienced technicians focus on the immediate tire needs that lead to downtime, low mileage and high fuel costs. Our inspection includes the critical six factors that lead to poor tire performance, plus a full visual inspection of the tread and sidewall.

- Low air pressure
- High air pressure
- Missing valve caps
- Mismatched air pressure
- Mismatched tread depths
- Irregular tire wear

STEP 3: ACTIONABLE DASHBOARD & REPORTS

Our nationwide system gives us the unique ability to provide accurate, easy-to-use guidance for effective decision-making. MICHELIN® TIRE CARE™ creates actionable dashboard and reports that you can receive via email or access online.

- In-Depth Dashboard Summary
- Immediate Needs and Red Tag
- Critical Six Summary
- Estimated Tire Replacement
- Fleet Inspection Details

Improves your bottom line by bringing you additional insight on:

- Tire by wheel position and application
- Forecasting and budgeting
- Tire optimization by vehicle
When a problem has been identified, taking action couldn’t be simpler. The MICHELIN® Commercial Service Network™ provides the solution with all the resources and expertise to handle your service needs, tires included.

- Consistent, high-quality service nationwide
- Tire Industry Association trained technicians
- Full adherence to your service operating standards

Or, you can choose your own repair option.

Red Tag Resolution For Peace of Mind

- Our NEW Red Tag Process ensures that the service technician has corrected all critical issues after the inspection has been completed.
- Red Tags are those issues that will either result in an ERS or Out of Service (OOS) event. A Yellow Tag is an item that results in a additional long term costs such as a tire 10 PSI from target air pressure.

1. Red Tag and Yellow Tag issues are notated in the vehicle inspection summary
2. The TIA certified technician selects the issues being corrected and then provides details on how it was remedied.
3. The vehicle history will show the work performed and when it was completed.
