# MICHELIN® XDA® ENERGY TIRE

REGIONAL & LINE HAUL APPLICATIONS

Ground-breaking, fuel-efficient<sup>(1)</sup>, ultra-low profile drive axle radial truck tire especially designed for long even wear, good traction, and a quiet ride for line haul applications.

**Outstanding fuel efficiency** with Advanced Technology™ Compounds. Next generation compounding offers low rolling resistance with no compromise in wet traction, mileage, durability and even wear.

**Reduced crown temperatures** – and extended casing life with Michelin's Co-Ex technology.

**Reduced stone retention** – and good traction throughout the life of the tire with alternating groove wall angles.

**Quick and efficient water evacuation** – from the tread with wide circumferential grooves.

**Casing protection** – from bruising and impacts through robust 3 belt design with full width elastic protector ply.

**Maximum Retreadability – 3-Retread Limited Warranty<sup>(2)</sup>**

Fight casing fatigue:

- **Enhanced Inner Liner**  
Delivers extra durability.
- **Robust Bead Area**  
Reduced mounting and demounting damage.
- **Rectangular Bead Bundle**  
A Michelin exclusive - simulates a solid steel rod “strapping” the tire onto the wheel. This design stabilizes the entire bead region and minimizes fatigue in order to extend casing life.

**7 Year**

Note: Wheel listed first is the measuring wheel.

(1) Based on industry standard rolling resistance testing of comparable tires or retreads. Actual results may vary, and may be impacted by many factors, to include road conditions, weather and environment, driver performance, etc.

(2) 7/7/3 Manufacturer's Limited Casing Warranty: 7 Year or 700,000 Mile or 3-Retread Limited Warranty for MICHELIN® XDA® ENERGY tires when retreaded by an authorized Michelin Retread Technologies (MRT) Dealer only. See limited warranty for details.

(\*) Exceeding the lawful speed limit is neither recommended nor endorsed.

(‡) Overall widths will change 0.1 inch (2.5 mm) for each 1/4 inch change in wheel width. Minimum dual spacing should be adjusted accordingly.

MICHELIN® tires and tubes are subject to a continuous development program. Michelin North America, Inc. reserves the right to change product specifications at any time without notice or obligations. Please consult wheel manufacturer's load and inflation limits. Never exceed wheel manufacturer's limits without permission of component manufacturer.
