Breakthrough Advanced Casing Technology delivers significant reduction in irregular wear\(^{(1)}\) and outstanding fuel economy\(^{(2)}\) to Michelin’s latest wide base single tire for line haul trailers.

---

(1) Based on current pull point vs MICHELIN® X ONE® XTA® tire in field testing and observation.

(2) Based on industry standard rolling resistance testing of comparable tires or retreads. Actual results may vary, and may be impacted by many factors, to include road conditions, weather and environment, driver performance, etc.
Breakthrough Advanced Casing Technology delivers significant reduction in irregular wear\(^1\) and outstanding fuel economy\(^2\) to Michelin’s latest wide base single tire for line haul trailers.

**Reduced Irregular Wear**
Up to 15% improvement in removal mileage\(^1\)
- **Advanced Casing Technology**
  Unique, patent-pending, design changes the casing shape to reduce irregular wear
- **Optimized Architecture**
  Microsipes and solid shoulder help resist irregular wear
- **Infini-Coil™ Technology**
  Wide Infini-Coil™ delivers consistent footprint for improved removal mileage

**Driver Confidence**
Outstanding handling
- **Optimized Architecture**
  Wide grooves promote water evacuation

**Extended Casing Life**
Long life and retreadability
- **Waved Groove Bottoms**
  Help prevent stone drilling
- **Full-width Elastic Protector Ply**
  Michelin exclusive. Increased protection against punctures.
- **Rectangular Bead Bundle**
  Michelin exclusive. Reduces heat and fatigue.

**Leading Smartway® Fuel Efficiency** \(^2\)
Improved fuel efficiency\(^3\)
- **Advanced Technology Compounds**
  Delivers low rolling resistance for exceptional fuel economy

\(^1\) Based on current pull point vs MICHELIN® X ONE® XTA® tire in field testing and observation.
\(^2\) Based on industry standard rolling resistance testing of comparable tires or retreads. Actual results may vary, and may be impacted by many factors, to include road conditions, weather and environment, driver performance, etc.
\(^3\) Versus MICHELIN® X ONE® XTA® tire.
\(^(*)\) Exceeding the lawful speed limit is neither recommended nor endorsed.
\(^‡\) Overall widths will change 0.1 inch (2.5 mm) for each 1/4 inch change in wheel width.

MICHELIN® tires and tubes are subject to a continuous development program. Michelin North America, Inc. reserves the right to change product specifications at any time without notice or obligations. MNA, Inc. continually updates its product information to reflect any changes in Industry Standards. Printed material may not reflect the current Load and Inflation information. Please visit www.michelintruck.com for the latest product information. The actual load and inflation pressure used must not exceed the wheel manufacturer’s maximum conditions. Never exceed a wheel manufacturer’s limits without permission from the component manufacturer.
